## Summary

I am a product designer. In recent years, I have mostly focused on designing packages and currently I'm working in the related field. In addition to packaging design, I am skillful in designing web and application as well as UI and UX. Besides, I have been involved in doing several projects for a long period of time.

My motivation for finding out new prospects of designing in packaging and website triggers novel ideas and new way of life to the creation of fine works.

## Experience

### Senior Product Designer

Nadi Food Industry

Aug 2019 - Present (4 years 1 month)

Nadi is one of the most developed companies which has above 50 years experience in cookie and cake production. It has more than 250 types of products in which every product has its own unique packaging. I work as a head of designing section in Nadi, and deal with the affairs in printing and packaging products.

My responsibilities:

- Designing all the affairs regarding packaging process.
- Coordinating and designing materials for advertisement.
- Solving designing challenges relating to the chain stores.

### Product Designer

Georgia Holiday, UNIGLOBE Global Partner

Jun 2022 - Present (1 year 3 months)

Georgia Holiday DMC, a UNIGLOBE Global Partner, was established in 2010 in Tbilisi, Georgia as a full-service incoming travel agency.

My responsibilities in Georgia Holiday:

- Supervising and designing for print and advertisement on different media.
- Managing all the work related to identity of an organization such as branding and logo designing.

### Product Designer

BistiFX

Nov 2021 - Present (1 year 10 months)

There are a lot of challenges confronting us in Bisti. I work as a designer in Bisti which is an exchange office located in Montreal. My responsibilities in Bisti include managing Instagram account and advertisement.

### UI/UX Designer

## Hasht

Feb 2020 - Present (3 years 7 months)

# Execution of UX and UI for different websites and web applications according to users' goals.

# Logo designing and branding manager at various projects

## Co-Founder

Fileboom

Apr 2016 - Present (7 years 5 months)

I have always wanted to create a website related to my field. Fileboom was created in 2016 and one of my close friends helped me with it. Fileboom offers graphic services to designers. However, We have faced many challenges in Fileboom, we have never thought of deactivating this valuable service.
